

Oregon Fishing's Layaway Policy

We offer our customers a no-interest, no-fee layaway option to help you in your quest to acquire your fishing equipment.

1. Orders totaling under US\$1000

A 35% deposit is collected at the time of the order, and the balance of the payments will be split in equal payments for up to 4 subsequent months. For example, if a pontoon boat is US\$500, the deposit is US\$175, and then there are 4 monthly payments of US\$81.25 each until the layaway is paid off. Shipping will also be spread out over the payments. The item is sent upon clearance of the last payment. Please allow 1-2 weeks for shipping.

2. Layaway Orders totaling US\$1000 and over

A 20% deposit is collected at the time of the order, and the balance of the payments will be split in equal payments for up to 4 subsequent months. For example, if a item is US\$1000, the deposit is US\$200, and then there are 4 monthly payments of US\$200 each until the layaway is paid off. Shipping will also be spread out over the payments. The item is sent upon clearance of the last payment. Please allow 1-2 weeks for shipping.

3. If a credit card or check payment is declined, we regret that we have to charge a service fee of US\$10 for each monthly occurrence. If a layaway is in default for 30 days, on the 31st day, we send out reminders both via email and telephone. If the layaway is not paid for 60 days, you will receive a final written notice and we will cancel the order, collect all applicable fees, and put the item back up for sale.

4. Order Cancellations: The first payment is a restocking fee and is non-refundable. Any layaway cancellations or changes will be charged the restocking fee and any remaining credits will be given as a store credit. Store credits are good for 120 days there are no refunds.

5. No layaways under a US\$100.00
